FOREWORD

There have been several definitions of the word *panorama* used in the introduction of our yearbooks. According to the Winston dictionary in our senior classes, panorama can mean: *a picture seen in several views, unrolled before the spectators; a comprehensive picture of events.*

Some views are new, some old, some the same, some changed. There are the same troubles and tribulations, fun and hard work. In addition there is no seventh grade, more courses, new rules, and new paint. All of it—casual moments, everyday scenes, and important events, combine to produce the fundamental material for a panorama.

We cannot yet look at Arundel from a spectator's standpoint. We can only hope, by using more and more pictures, to give you several views which will blend to form a more comprehensive picture of 1957 at Arundel.

Linda,
It's been
great fun
being in F.O.D.
with you. Meet go!
Sally

MRS. MABEL H. PARKER, *Principal*

Six years ago you were Arundel's second seventh grade. When you came there were many upper classmen who remembered high school days at Old Arundel, there were empty seats in the auditorium when the student body assembled and everything still had the look of newness upon it.

Edgar A. Guest once said, "It takes a heap o' livin' in a house to make it home." The same thought may be applied to a new school building. It needs the plaques and cups which are visual reminders of past academic and athletic triumphs. It needs the lingering echoes of old songs and cheers. It needs the lingering aromas of chemistry laboratory experiments and foods laboratory cooking.

As you step from high school into a world of new freedoms and responsibilities, it is our hope that you carry with you the ideals, the knowledge, and the skills which you will need to give and to win your share of service, happiness, and success.

I would like to add my congratulations to the Arundel graduates of 1957. Now that you have completed your high school career, remember that the diploma you received at graduation is more than recognition of a completed job. Your diploma is a passport to further tasks and success. Your education has not ended; it has only begun. I hope with further training you achieve happiness, satisfaction, and a chance to serve others as you take your place in life.

Five minutes of peace.

A teacher's day at Arundel does not end with the 3:10 bell, nor does it begin with the 8:40 dismissal from the auditorium. There must be teachers in the auditorium to see that students are seated. They stand outside on bus duty. They stand inside directing traffic. After school, besides bus duty and traffic directing, many of them sponsor clubs, direct plays, or coach teams. All teachers burn the midnight oil over report cards and registration. They come back to school in the evenings for PTA meetings and stay in the afternoons for teachers' meetings.

Besides all this, they put in six full hours a day of teaching.

CLASSROOM

We are here to learn . . . to gain knowledge. Since this is so important, the PANORAMA wishes to present a picture of some of the phases of everyday school life. Arundel offers varied courses of study which lead to four types of diplomas: Academic, General, Stenographic, and General Business.

Three new courses were offered at Arundel this year. Speech and Dramatics has helped students to know more about plays and the theater, and it has also helped them gain confidence for speaking and improve dramatic talents. As a first step in expanding our science program, Zoology has been added. Review of Math was offered to juniors and seniors as a study of basic mathematical principles and fields.

English is taken every year. Aside from learning correct grammar, we write term papers, study and interpret the works of many famous authors, and do creative writing. In our history classes we cover everything from ancient history to present day problems in the world. These classes are World History, United States History, and Problems of Democracy. A mock presidential election was held last fall by a P.O.D. Committee. Biology, Chemistry, Physics, and Zoology are included in the science program. In our classroom discussions we learn the many principles of science. Laboratory periods enable us to put these principles to practical use.

CURRICULA

All types of business courses are offered to those who wish to make a career in this field. In typing, bookkeeping, and shorthand, students are taught business techniques which will be necessary for their jobs after graduation. Everyone needs exercise, and that is what we get in Physical Education. Good sportsmanship is acquired through playing everything from soccer to ping pong. In our French classes, the students learn not only how to speak and write the language, but also how the French people live. Math at Arundel is organized into three divisions: Business, General, and Academic. The electives offered the Art, Home Economics, Chorus, and Band. These courses give the students an opportunity to enjoy the hobbies and activities in which they are interested.

In the Junior High, Core is the main subject. English and History are combined in this class to show the students the many connections between the two subjects. Math and General Science prepare the students for high school. Home Economics, Shop, Physical Education, Chorus and Art are taken for short periods throughout the year. By choice the students may take French, Algebra I, or Band.

CLASS OF

Do you remember our first class meeting
that day,
And the trouble we had gettings boys for
"Our Hearts Were Young and Gay"?
Then came senior pictures, some good and
some bad.
Picking cards and announcements, what
arguments we had!
Revealing of superlatives brought pleasant
surprises;
Measuring caps and gowns we had to
get just the right sizes.
After school every day for senior play
practice;
Did we rush for yearbook deadlines,
just ask us.
Away we all went on our trips, rain
or shine,
And on "senior day," we all felt so
important and fine.
As the curtain of high school began
to fall
Our prom arrived, to be remembered
by all.
Such fun at our banquet, we'll
never forget,
And graduation practice, how
we struggled with it!
But most important of all,
remember that night
When we marched down the aisle,
our diplomas held tight.

The big decision about name cards.

SENIOR PLAY

Last fall we held many class meetings, committee meetings, and more committee meetings trying to select a play, getting enough boys for the cast, and deciding on the date for the presentation.

Last spring we were delighted to see our classmates dressed as the flappers of the roaring twenties for their presentation of "Our Hearts Were Young and Gay" by Cornelia Otis Skinner.

PANORAMA

R. Sann, Bus. Man.; D. Appel, Ed.; N. Clark, Asst. Ed.

"I can hardly wait to see my PANORAMA!" Anxious and excited comments were an ever constant inspiration to the busy members of the yearbook staff. They worked like an efficient machine, trained to produce the very best in its line. Each individual played an essential role in assembling a yearbook of which to be proud. Under the direction of the literary and business advisers, each section of the yearbook was organized and finally compiled into a complete book. Not all went smoothly at first; many obstacles had to be overcome and decisions made before the goal was finally reached.

First row: K. O'Dell, S. Jones, E. Luff (Ed.); C. Haley (Bus. Man.).

Second row: S. Smith, L. McConnell, N. Clark, B. Sampsell, B. Verrilli, B. Denton, Miss Roberts, K. Chalfant, C. Davis, T. Dove.

SHAMROCK

Left to right: C. Haley, Bus. Man.; E. Luff, Ed.

The eyes and ears of Arundel, the *Shamrock*, underwent many changes this year. There were two senior personalities in each issue, and other new features were added. In the middle of the year, the paper changed to offset type. Two bake sales were held in Annapolis and attributed to the *Shamrock*, in addition to two dances. The staff revised the student handbook for next year, and published the telephone directory.

Front row: L. McConnell, S. Cannon, E. Spencer, N. Turner, W. Schneider, E. Lagmay, P. Ritchie, P. O'Malley, C. Smith, J. Meade, N. Bishop.

Second row: D. Ray, B. Conway, K. Harris, L. Anderson, H. Hungerford, P. Matchett, P. Stone.

Third row: J. Watts, D. Edwards, H. Miller, J. Harmon, D. Snyder, M. Eyerman, R. Wilson, T. Dove, J. Frey, S. Dicus, T. Ziehm, J. Stroup.

STUDENT COUNCIL

The Student Council, which is composed of two representatives from each homeroom, is in charge of opening all assemblies, managing the Lost and Found, supervising morning dismissals, and organizing clubs. This year the Council sent delegates to the Maryland Association of Student Councils State Convention and to all Southern Region meetings. Projects included obtaining a plaque for the Student Council presidents, sending a Care package, identifying pictures and conducting pep rallies.

NATIONAL HONOR SOCIETY

The Studemus chapter of the National Honor Society consists of members from the junior and senior classes who possess the qualities of scholarship, leadership, character, and service. One of the most important projects of this organization is its scholarship fund, which helps worthy students to obtain a college education. Its members effectively managed the magazine campaign, and sponsored a successful dance during the year.

BAND AND MAJORETTES

The Green and White Band is an important part of student life, having been in existence as long as Arundel itself. The band rouses school spirit by playing at basketball games, at their own assemblies, helping out at assemblies sponsored by other departments, and playing at graduation. In addition, they perform for the PTA, at the University of Maryland Band Day, and at other schools. A new idea in the band and majorette program this year was a colorful parade.

The club is not only for those taking French, but also to stimulate an interest in those not taking the language.

S O C C E R

In a league strengthened by the addition of Howard County, Arundel finished second with a record of four wins, two losses, and two ties. With only one returnee from last year's team, Coaches Steve Carroll and Charles Williams built a squad with the accent on youth. The starting line-up had five underclassmen in it, with many of the reserves also Juniors and Sophomores. The thing which hampered Arundel the most was the injuries to various key men such as goalie Tim Arnold and halfback Bert Piram. As a result of this they bowed to county champion, Glen Burnie on two occasions. The co-captains Bob Burdette and Charlie Wellford led the team to a very successful season.

J. V. SOCCER

Arundel's Junior Varsity soccer team, coached by Mr. Richard Ohweiler and Mr. Robert Hall, finished with a record of no wins, two losses, and three ties. This record is very misleading because, although the squad didn't succeed in winning any games, it did succeed in that it developed the players' skill and gave them valuable experience. The knowledge they gained from long hours of practice and hard fought games this season surely will be reflected on future Arundel soccer teams.

J. V. BASKETBALL

Arundel's Jayvee basketball team, headed by Mr. Richard Ohweiler, had a very good season. Although not always successful in the scoring column, they were always in there fighting and hustling until the final buzzer. It was a young squad this year; but its members have gained invaluable experiences which, as they move up into varsity posts, will give the Wildcats many good teams in the future.

BASKETBALL

Weakened by the graduation and transferring of most of last year's team, the Arundel five posted one of the poorest records in the school's history. The new coach, Charlie Williams, had only two returnees from the varsity and three from the junior varsity to work with. The loss of Bob Burdette, Ernie Knight, and Ed Merchant in mid-season also retarded the team's progress. Although losing, the team showed the determination and good sportsmanship that has been an integral part of every Arundel squad. The team progressed with each game and in the last half of the season played some fine ball. With many Juniors and Sophomores on the team Arundel can look forward to a better season next year.

BASEBALL

Coach Steve Carroll had good reason to be optimistic, as such outstanding players as lettermen Gordon Griffith and Ernie Knight returned from last year's squad. Reserve catcher Dick Koch was back along with many other reserves. The main weaknesses seemed evident at second base and shortstop due to the absences of Tim Arnold and Ed Merchant. The long afternoons in practice paid off because it was a very eventful and exciting season.

J. Gitlin, C. Haycook, D. Johnson, M. Eyerman, T. McKenzie.

TRACK

Mr. Deming, the new track coach, attempted to make track a major sport at Arundel. Returnees from last year were Jeff Gitlin, ace sprinter, and Chuck Haycook, who took state honors in the mile run. With these fellows as the nucleus and other runners like Ricky Eyerman and Danny Johnson, the team made a very good showing in the Annapolis, county, and state meets.

WRESTLING

The wrestling team under the direction of Captain Slaven is in its first year at Arundel, and is still in the process of organization. As the group grows in members and knowledge it will eventually become another one of Arundel's fine teams.

INTRAMURALS

The intramural program at Arundel is open to all boys and girls who are not on the varsity or junior varsity teams. They take place during the activity period and the various sports include: basketball, volleyball, and softball. The purpose of this program is to teach the students sportsmanship and emphasize competitive spirit.

FIELD HOCKEY

This year's team was the youngest in Arundel's history of field hockey. Under Coach Tarter's leadership, the girls gained experience and confidence, two factors which repeatedly stood out on the scorebooks. The squad fought hard all the way and tied in two games with Arundel's biggest rivals, Annapolis and Glen Burnie. The team's fine play showed that Arundel is fast progressing in this comparatively new sport.

Annapolis can't stop Arundel!!

GIRLS' BASKETBALL

SCOREBOARD

Basketball is a favorite sport at Arundel. This year's team was a very young one since most of the varsity players were Sophomores. Because of the large turnout, varsity and jay-vee teams were organized. Although the scoreboard didn't show a victory everytime, the girls good sportsmanship and determination made the team one of which we can be proud.

VOLLEYBALL

Two varsity lettermen, returning from a 1956 second place championship, and the new juniors and sophomores developed into one of the best teams in Arundel's history. Their height, organization, and quick action made every game an exciting one, as their opponents soon discovered. With these qualities Arundel's girls were out to win and placed in the county.
